ONLINE USERS

ACTION REQUIRED

In order for you to access Online Banking after November 15, 2020, we must have your current contact information on file phone number(s) and email address).

Outdated or incorrect contact information will prevent you from being able to access online banking services.

To update your information in PCU ONLINE SERVICES:

1 Log in and go to the "Your Preferences" tab

2 Using the drop down, select "Contact Information"

Update your contact information. Please note: although the system says Home and Work, we really need your best contact numbers. Example: husband's number and wife's number. Or cell and home.

3 To update your email, look to the email box to the right of the contact information.
